

ENVIRONMENT MANAGEMENT POLICY

At Indiabulls Housing Finance, we are committed to adopt responsible environmental practices that contribute towards sustainable development.

We are always striving towards finding innovative ways to carry out our operations in a way that they protect the environment and reduce our carbon foot-prints. We encourage all our stakeholders, business partners to support us in enhancing our own environmental performance such that we can continuously raise benchmarks.

Indiabulls Housing Finance is committed to a clean, safe and healthy work environment, and we shall operate our facilities in an environmentally sensitive and responsible manner to ensure that we comply with all applicable compliance obligations.

Framework:

- Complying with the requirements and spirit of applicable environmental laws and striving to exceed required levels of compliance.
- Making business decisions that aim towards sustainable development.
- Conserving natural resources and preventing pollution by reducing, reusing and recycling materials.
- Engaging in an environmentally friendly culture and a safe working environment.

Commitments:

- Continuously improving Indiabulls Housing Finance resource efficiency by optimally using resources like paper, electricity and water.
- Reducing the carbon footprint intensity by foraying into digital platforms for all communication and processes, thereby minimalizing the wastage of papers.

Our course – correction includes :

- Reviewing the policy on a timely basis to ensure that it is periodically updated and stands relevant to all our stakeholder expectations and business operations.
- Conducting self-assessments and audits at regular intervals in order to measure the progress on environmental performance.
- Integrating sustainable environmental frameworks in the design of newer infrastructural facilities.

Mr. Sachin Chaudhary
